

Upper Room Camp Meeting 2018

Schools to Give Instruction in Useful Trades

Manual training is deserving of far more attention than it has received. Schools should be established that, in addition to the highest mental and moral culture, shall provide the best possible facilities for physical development and industrial training. Instruction should be given in agriculture, manufactures--covering as many as possible of the most useful trades--also in household economy, healthful cookery, sewing, hygienic dressmaking, the treatment of the sick, and kindred lines. Gardens, workshops, and treatment rooms should be provided, and the work in every line should be under the direction of skilled instructors. The work should have a definite aim and should be thorough. While every person needs some knowledge of different handicrafts, it is indispensable that he become proficient in at least one. {Child Guidance, p. 357}

Intermediate Sewing Class Objective -

to teach finishing techniques (*like French seams*), and teach basic pattern fitting and alteration.

****Please Note Ladies****

All registered students are responsible for their own sewing supplies (listed below). For those traveling on planes who can't bring their sewing machines one will be available for the duration of the class.

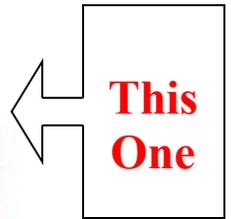

****MACHINES ARE LIMITED****

Prerequisite for the Intermediate Sewing Class:

- How to take and read measurements
- A Knowledge of your sewing machine
- How to read, alter, and cut a pattern
- A knowledge of the different fabrics

Recommended Sewing Supplies:

- 1 pair cutting shears (*Fiskar, Weiss and Gingher are good brands*)
- Good quality straight pins (in pin cushion or small box) **Note:** *magnetic pin containers may damage computer discs*
- tape measure (not pull-out)
- 6" metal sewing gauge, for measuring (Dritz or other brand)
- assortment of sewing machine needles
- needle threader
- seam ripper
- marking pencils (*best suitable for your fabric*)
- Dual quality matching thread
- Correct sewing machine bob bins
- Invisible zipper foot
- Fabric (to make Skirt D)
- 1/2 yard light weight interfacing
- Notions listed on Pattern #6492

- When traveling on the plane, wrap your scissors in your fabric so it doesn't puncture anything.
- To avoid shrinkage, wash and press your fabric if it is machine washable.
- To avoid shrinkage, have your fabric dry cleaned if it's not machine washable.

Tru-Fit Body Measurements

Where to take your Measurements

You will need your Tru-Fit body measurements to determine what pattern size to purchase and the amount of fabric needed.

DO NOT USE the recommended sizes on the pattern!

Measure in good underwear.

Bring this form with you to class.

Bust (fullest part): _____

Waist (at your belly button): _____

Hips (9" below waist): _____

Arm length: _____

Dress length (from top of shoulder to your desired length): _____

Don't forget, bring this sheet with you to class!
